MOTION BY:	SECONDED BY:	PUBLIC COMMENT	DISCUSSION	VOTE
------------	--------------	----------------	------------	------

3. Approximately a year ago the board approved a plan for all retirees from that date forward to automatically have their insurance payments deducted from their teacher retirement benefit. By mandating that these newly retired employees have their payments deducted resulted in the following benefits for the school system:
- 1. Retirees were not required to mail or walk their checks to the Board Office.
 - 2. The amount of cash or checks flowing out of the Board Office was significantly reduced.
 - 3. We reduced the amount of work chasing down late payers.
 - 4. We reduced the opportunity for wrong doing concerning Cash.
 - 5. We reduced the opportunity for human error
 - 6. We reduced workload for a minimally staffed department.

The board voted to support the request however the will of the board was that they wanted to give those retirees who were grandfathered into the system the choice to participate in the insurance deduction or not. Approximately 192 retirees, surviving spouses etc... chose to not have the deduction and continue to hand deliver or mail their payments. . At this time Ms. Meghan Campbell CFO is requesting that all retirees and surviving spouses be mandated to have their insurance payments deducted for the same reasons as above.

C. Building & Grounds - Terry Leger, Chairman

D. **POLICY COMMITTEE - REQUESTS FROM THE POLICY COMMITTEE CHAIRMAN, PHILLIP ARCENEUX, THAT THE SCHOOL BOARD ADOPT THE FOLLOWING NEW POLICY:**

1. This new policy is brought to you by Forethought Consulting.

STAFF: Ben Oustalet, Staff Liaison/Curriculum Supervisor

1. Approve the following policies brought to you by Forethought Consulting

Public Health Emergency: EBBI

The Louisiana Department of Education (LDOE) recently issued *School Reopening Guidelines and Resources* to be considered by School Boards as they prepare to reopen schools, and reintroduce students, teachers, and staff into the actual physical school environment. As pointed out by the LDOE guidance, it is the responsibility of each local School Board, Superintendent, and other school leadership to “make decisions based on the unique needs of their community” as to what specific regulations and procedures are needed to accommodate the introduction of students and staff in the school setting that ensures their safety and health, while providing the educational resources that students need to advance.

Allowing the Superintendent and staff to create administrative regulations and procedures based on LDOE guidelines means that they can be altered as needed without School Board approval. The Superintendent will have the flexibility to immediately accommodate recommendations from the LDOE or Department of Health.

Forethought Consulting has developed this policy regarding the LDOE guidance. The new policy *Public Health Emergency*, grants the authority to the Superintendent to create and maintain the necessary administrative regulations and procedures.
